who walked or went behind horse power, and some writer has humorously told of the troubles which came to the primitive man who first tried to use a wheel as an improvement over "toting" things on his back or on a pole. The same old story of ignorance fighting against knowledge.

Women are slaves among ignorant tribes, and was betide the one not of the tribe or who is different in any way. Is not ignorance the cause of the present war between the sexes—for do not our greatest men have most feverence for womankind? True, women do many wrong things in their struggle to free themselves, but there again the answer is the same—ignorance.

How many of us have tried desperately to accomplish something only to find all our efforts end in failure, because in our blindness we saw only a little of the whole great truth?

Ignorance of our neighbor, his aims. Its failures his geneings after what he failures his geneing after what he failures his geneing after what he failures his geneing after what he failures he failures his geneing after what he failures he failures his geneing after what he failures his geneing after what he failures he failures his geneing after what he failures he fai

Intric of the whole great truth?

Ignorance of our neighbor, his aims, his failures, his grouings after what he considers right, though it may be wrong from our viewpoint, is often the easies of neighborhood friction.

I. B. FAULKNER.

Philadelphia, June 24, 1922.

Were restricted to certain parts of Russia.

Austria under the Hapsburgs was another instance of Church and State, and in this instance the Church was Roman Carbolte. To try to convert a Carbolic to another religion was a crime.
